CAIA. “Value Investing vs. Absolute Return in a crisis environment”

Place held: Auditorium of Banc Sabadell. Barcelona

The aim of this activity was to disseminate and publicise among our members the operations in Spain of the CAIA (*Chartered Alternative Investment Analyst*).

Speakers: The session was chaired by Mr. Cirus Andreu and had as speakers the well-known managers specialising in alternative investment, Juan Cruz from Cygnus AM, Iván Martín from Banco Santander AM, Adolfo Monclús, from EDM and José Maria Amusátegui from Cygnus AM .

Attendance: Given the high degree of specialisation and also perhaps lack of information about the CAIA, there was a low turn-out of members.
